- Part of Aker

Revenues NOK 57.3 billion
(12 months to 30 September 2009)

Aker Solutions in Kazakhstan

- Aker Solutions has been active in the Caspian Sea for nearly two decades
- At present we have ongoing activities in the Kazakh sector, Azeri sector and Russian sector. Kazakhstan by far the most important.
- Aker Solutions is unique contractor as we cover the value chain from Pre FEEDs to MMO. Our key competence is harsh environment project and we feel that together with our partner KGNT we can be a valuable contributor in developing the Kazakh offshore industry.
- In Kazakhstan we have ongoing
 - Kashagan ePF (delivered)
 - Kashagan HUC (ongoing) jointly with Ersai
 - Kashagan FFD FEED (ongoing) jointly with WP and CB&I
- We have a local partner KGNT with whom we have an excellent working relationship. Together with our partner we have a clear intention to grow our business and become local player.
- We believe that to be successful in the future means increasing local content and building up local competence and presence.

Attitude is Everything

Innovative and dedicated people who believe nothing is impossible have solved tomorrow's challenges for more than 150 years.

Disclaimer

This Presentation includes and is based, inter alia, on forward-looking information and statements that are subject to risks and uncertainties that could cause actual results to differ. These statements and this Presentation are based on current expectations, estimates and projections about global economic conditions, the economic conditions of the regions and industries that are major markets for Aker Solutions ASA and Aker Solutions ASA's (including subsidiaries and affiliates) lines of business. These expectations, estimates and projections are generally identifiable by statements containing words such as "expects", "believes", "estimates" or similar expressions. Important factors that could cause actual results to differ materially from those expectations include, among others, economic and market conditions in the geographic areas and industries that are or will be major markets for Aker Solutions' businesses, oil prices, market acceptance of new products and services, changes in governmental regulations, interest rates, fluctuations in currency exchange rates and such other factors as may be discussed from time to time in the Presentation. Although Aker Solutions ASA believes that its expectations and the Presentation are based upon reasonable assumptions, it can give no assurance that those expectations will be achieved or that the actual results will be as set out in the Presentation. Aker Solutions ASA is making no representation or warranty, expressed or implied, as to the accuracy, reliability or completeness of the Presentation, and neither Aker Solutions ASA nor any of its directors, officers or employees will have any liability to you or any other persons resulting from your use.

Aker Solutions consists of many legally independent entities, constituting their own separate identities. Aker Solutions is used as the common brand or trade mark for most of these entities. In this presentation we may sometimes use "Aker Solutions", "we" or "us" when we refer to Aker Solutions companies in general or where no useful purpose is served by identifying any particular Aker Solutions company.
